21% Ammoniacal Nitrogen	
Sulphur (S).....	22%
22% Combined Sulphur (S)	
Derived From: Ammonium Sulphate.	

F370

Hi-Yield[®] Ammonium Sulphate is one of the best available forms of Nitrogen and Sulphur. Ammonium Sulphate, a quick acting source of nitrogen, helps to give green color to plants and promotes rapid growth. Sulphur, an essential element of soil fertility, helps to acidify the soil and promotes stronger plant growth.

DIRECTIONS FOR USE

Use Hi-Yield[®] Ammonium Sulphate throughout the growing season. Water generously and promptly following applications. Apply ³/₄ pound per 100 square feet.
